

GATE
Sofa System
By Claesson Koivisto
Rune

PRODUCT INFORMATION

Imagine a sofa to spend a few minutes in while waiting for a friend, preparing for a meeting or getting ready to catch a flight. A pit-stop while on the move, to recharge electric devices as well as weary feet. This sofa is Gate, a new, innovative furniture concept.

"Gate is a sofa with rigorous proportions for people to sit and wait in. We have worked in great detail with measures from a technical as well as from an emotional aspect. This is a sofa for public spaces, where one can sit back to back with a stranger without invading on anyone's personal space", explains Ola Rune.

TECHNICAL INFORMATION

Wooden frame with cold foam. Upholstered in fabric or leather. Standard leather Elmo Nordic. Frame in silver lacquer.
